

**YPO** without the "P"  
becomes **Your Own**.

YOUNG PRESIDENTS'  
ORGANIZATION

**YO!**  
( YPO  the "P" ;) )  
without

**Want to get more out of YPO?**  
**Want to connect with other YPO spouses and significant others?**

**Then YO! is the way to go.**

**YO! is YPO Pittsburgh's new program to help spouses and significant others come together outside of regular YPO meetings.**

**How to YO! is up to you — so we need to hear from you! Please send in the enclosed survey card by October 31<sup>st</sup> and let us know which ideas interest you:**

- **An online community** — Here you can post messages and link electronically with other YPO spouses & significant others.
- **Educational events** — These could be speaker presentations of interest to spouses, or learn-by-doing activities such as baking bread at Enrico Biscotti Company.
- **Casual coffee breaks** — Held at various cafes around Pittsburgh and Western PA, these offer a chance to stop and refuel with fellow YPO spouses & significant others.
- **Active excursions** — Biking, rafting, hiking, skiing, running, walking, either for a good cause or just because.
- **Mommy & Me** — Mothers and toddlers gather at a playground, indoor gym or other activity.
- **YO! GoRound** — This rotation series groups you in a foursome with spouses you don't know well (yet). Your foursome may decide to meet for coffee, cocktails, a meal or an outing. Next time you'll be grouped in a new foursome.
- **A SIP Group** — SIP stands for Spouse Informal Program. These small groups can be formed around shared interests, life stages, kids ages, geographic area — anything! Each group will decide when, where & how to meet.
- **Forums** — YPO's most valued resource, these small groups meet monthly for intimate idea exchange. Meetings are structured for confidential discussion of personal issues and experiences.
